FUNSHEET

11

Let's find a spot where we have not been before. You could drive there , or walk or it could be a spot in your yard that you rarely go to or it could even be in your house.

What is interesting about this spot?

what are some of the special features of this spot?

Is it a nice spot or messy spot?

Will you go back to this spot again?

If yes, why? If no, why?

Lots of options for creativity with this one.

When working on any of the fun sheets, always make sure you are being aware of your surroundings and not attempting anything dangerous. Children should be supervised by an adult while participating.
