FUNSHEET

4

Look inside a kitchen drawer, reach in and pull out an item.

What is it ?

What is its intended use?

Can you come up with for different uses for this item ?

What happens if you trace around the item? Can you turn it into a funny character

Would tracing the item in a repeating pattern make something interesting?

When working on any of the fun sheets, always make sure you are being aware of your surroundings and not attempting anything dangerous. Children should be supervised by an adult while participating.

Make sure there are no sharp items in this drawer before reaching in for an item.
